# PT-1 Exams and PTM

Laurus team is here to announce that PT-1 exams were successfully conducted without any disruption to understand the ability of our students in academics and discussed the same with the parents on PTM day.

# PT-1 Exams and PTM

# Kargil Vijay Diwas

"The Kargil War (1999) was a heroic tale of bravery and sacrifice. Indian soldiers fought against Pakistani intruders in the icy heights of Kargil, Kashmir. After 60 days of fierce battles, India emerged victorious, reclaiming its territory. The war will always be remembered for its valor and patriotism." Laurus students had been explained through videos and speech given by the Principal about Kargil War was encouraging.

Principal along with Staff and Students observed a silent tribute and their quiet reverence, a powerful expression of respect and condolence for the brave soldiers' lives that were lost. The ultimate sacrifice of soldiers is a selfless act of bravery, laying down their lives for their country, fellow comrades, and future generations. Their valour and devotion inspire a nation, leaving behind a legacy of honour, pride, and gratitude. We pray that their memory lives on, forever etched in our students' hearts and become a strong generation for our Nation."

# Kargil Vijay Diwas

# Bonalu Celebrations

Laurus students were excited to celebrate the festival of Bonalu along with all the staff and were given speeches to understand the importance of Bonalu and various scientific reasons behind the traditional festival.

# Bonalu Celebrations

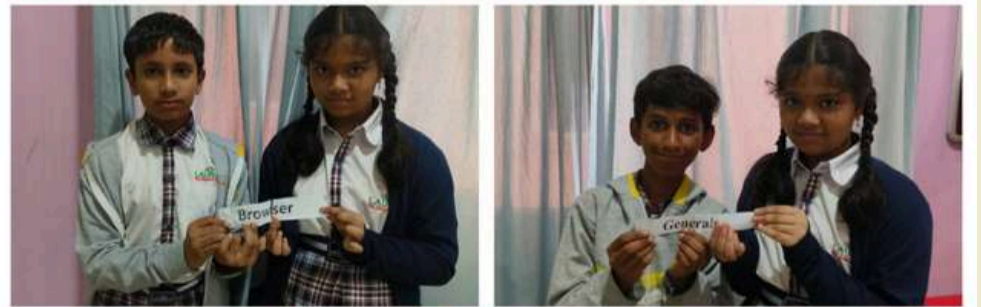

# Bonalu Celebrations

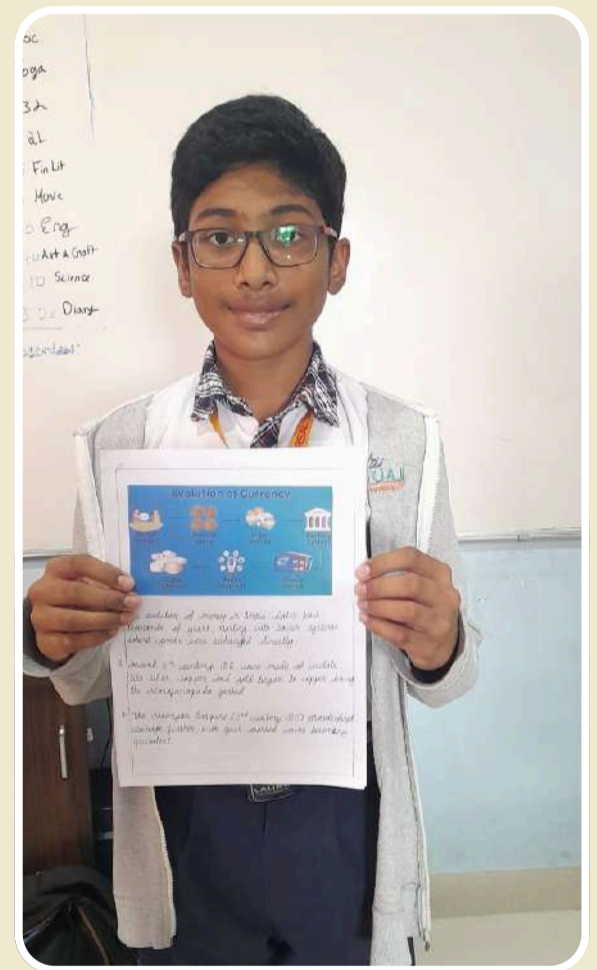

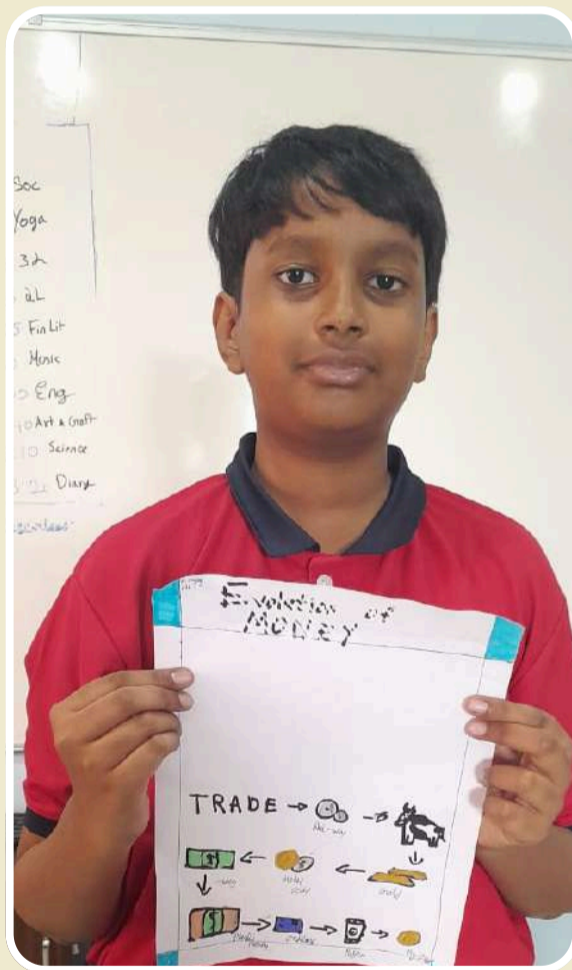

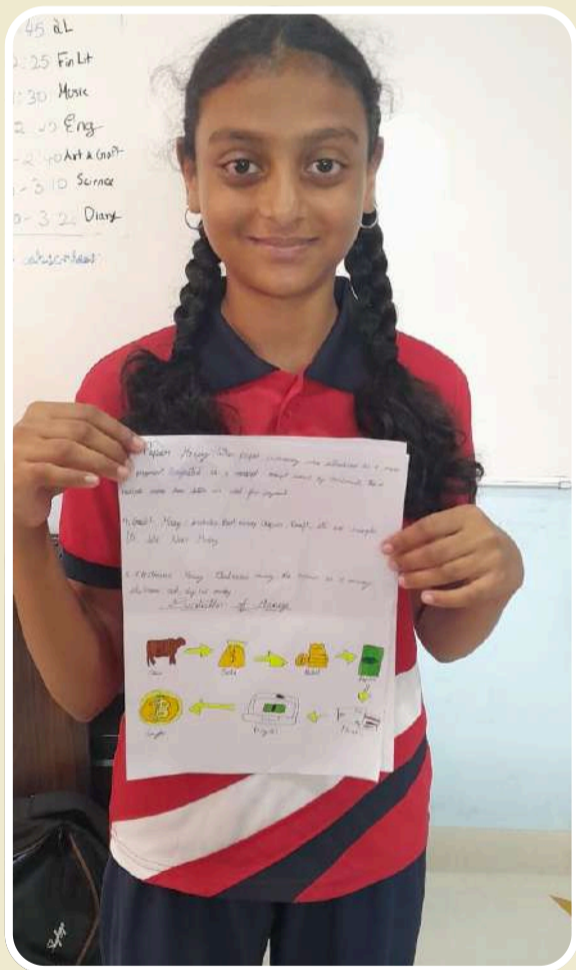

# CCA Scavenger Hunt

Students of Laurus - The Universal School enthusiastically participated in a scavenger hunt organized as a part of CCA. The event fostered teamwork and problem-solving skills among students, creating a lively and engaging atmosphere.

# Financial Literacy Activity

Students at Laurus-The Universal School actively engaged in exploring the evolution of money and its impact on financial wellbeing through group activities and case studies. These activities enabled participants to apply financial concepts to real-world scenarios, fostering critical thinking and understanding of basic financial concepts. Overall, the session successfully promoted a deeper understanding of concepts.

# Pre-Primary Chocolate Day

The tiny tots of Laurus- The Universal School embraced World Chocolate Day with tremendous enthusiasm, participating in delightful chocolate-themed activities. The event overflowed with sweetness and joy, leaving an indelible impression on all students and forming cherished memories.

*Chocolate,*

# Blue Day

Extremely excited to show our students of Laurus as they have celebrated the colour of the month as Blue.

As "Children are like different shades of blue, each unique and full of wonders and tiny tots of Laurus experience the curious adventures, the ones which are like a bright Sky Blue, giving hopes to always exploring and seeking new horizons.

On this day the calm and gentle souls had enjoyed and learned to be soothing as Light Blue, bringing peace and serenity to those around them. And learned to appreciate creative and imaginative skills.

PP1 and PP2 Children at Laurus are like a vibrant Navy Blue, full of ideas and inspiration, happy and energetic tiny tots and are like a playful Baby Blue.

# Blue Day

# Class Activities PPI-X

## Grade-3

The students of grade 3 participated in a healthy drinks activity by bringing nutritious beverages to school. This initiative aimed to promote wellness and encourage healthy choices among students.

## Universe and Solar System Activity:

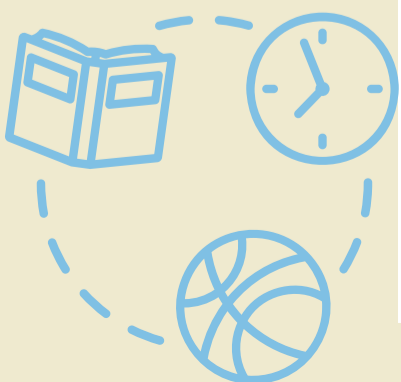

# Class Activities PPI-X

## Grade-4

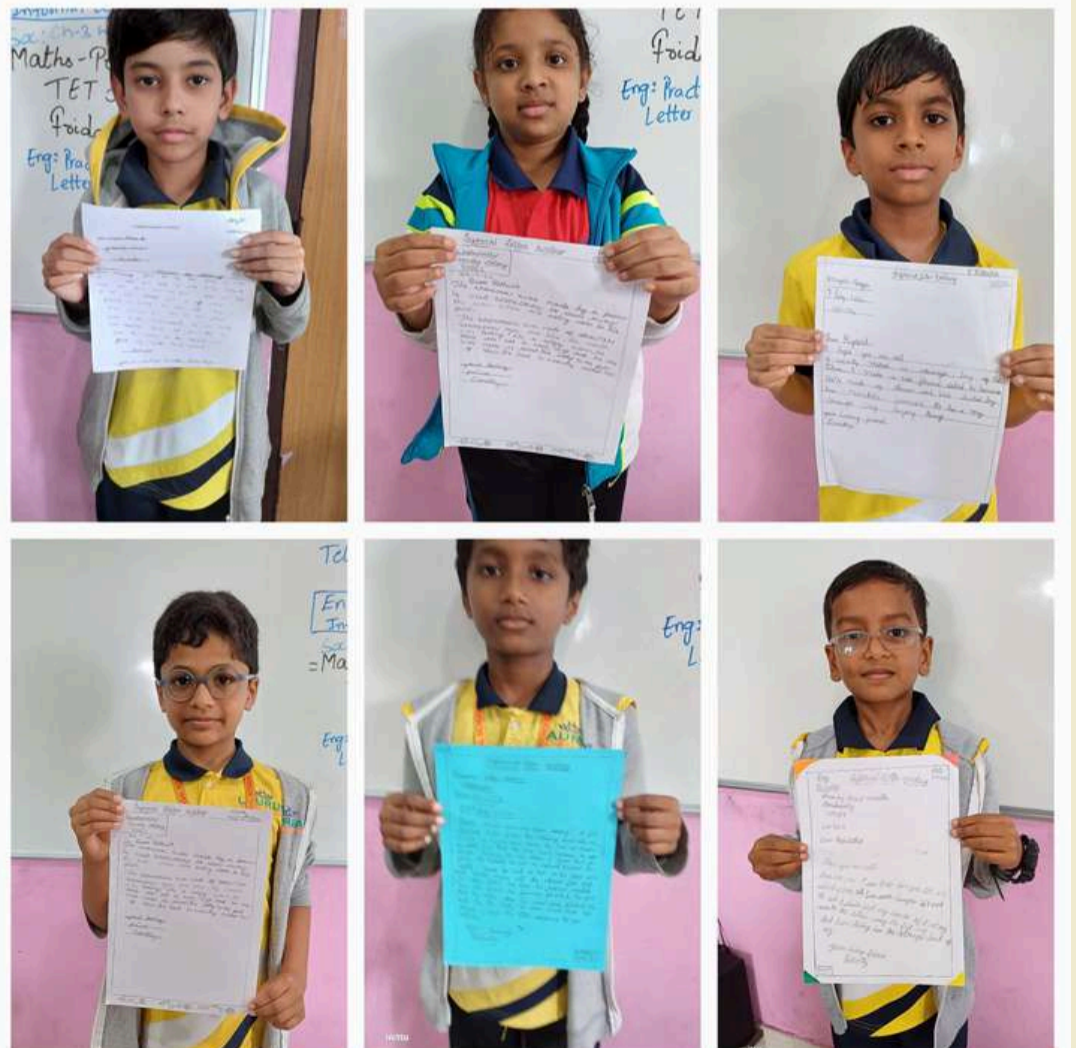

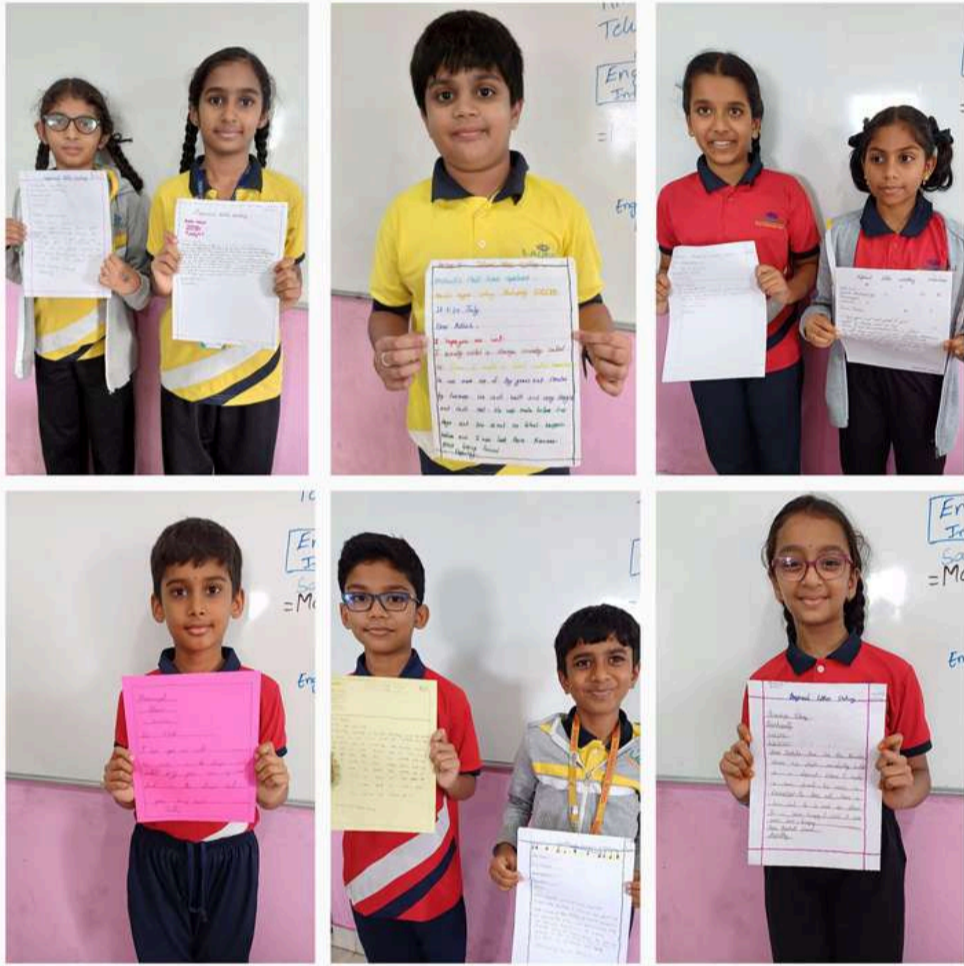

The grade 4 students engaged in a drawing activity highlighting India's geographical diversity, focusing on plains, deserts and islands. The activity aimed to deepen their understanding of India's varied geography through hands-on exploration and artistic expression.

# Class Activities PPI-X

## Grade-4

**Writing Skill:** Students engaged in an informal letter writing activity aimed at developing their writing skills. This exercise helped to enhance their ability to communicate effectively through writing.

# Class Activities PPI-X

## Grade-5

Students of grade 5 conducted research on the Midnight Sun, focusing on its occurrence in regions near the Arctic Circle during summer months. They gathered information on why and where it happens, as well as its cultural and environmental significance. Each student prepared a brief presentation to share their findings with their classmates.

# Class Activities PPI-X

## Grade-6

Solar System-The drawing activity on the Solar System was conducted for the students of grade 6. The objective was to enhance students' understanding of the planets and their positions within the Solar System through a creative and visual exercise.

# Class Activities PPI-X

## Grade-6

### Plantation Activity:

Students of Grade 6 participated in a seed planting activity to understand the transition from hunter-gatherer societies to settled agricultural practices. Each student planted a seed and learned about the basics of growing food, fostering a hands-on appreciation for early farming techniques.

# Class Activities PPI-X

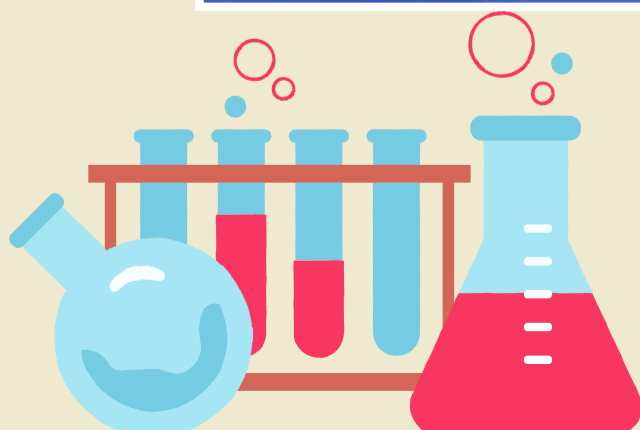

## Grade-6

Science:

Separation method Activity:

Students of grade 6 engaged in a hands-on activity to explore various separation methods. The session not only captivated their interest but also deepened their understanding of scientific concepts through practical application.

# Altura training session

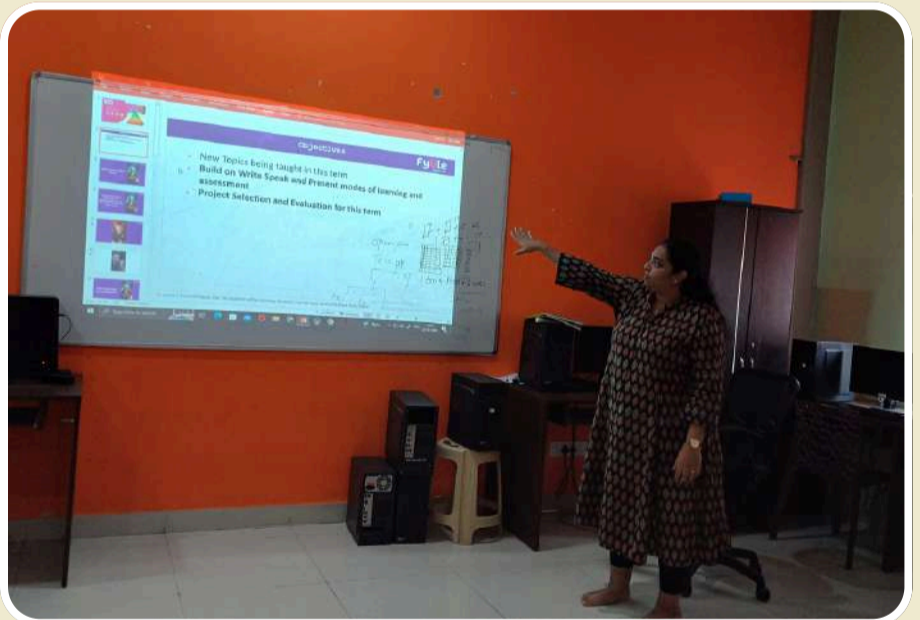

**"Empowering Educators: The Power of Teacher Training"**

Effective teacher training is the backbone of a successful education system. It's a crucial investment in the future of our children, our communities, and our world. Lurus has come up with training sessions by Altura macmillan team providing teachers with the skills, knowledge, and support they need. We can unlock their full potential and enhance the learning experience for all students. A special session to empower with mind games, puzzles and scavenger hunts.

# Fyule training session

The Fyule team has come up with great activities for teachers like video making and many more for better learning experience.
